

Research Based Work

Class: 9-A

Prepare a PowerPoint presentation: Search and select any **three new careers** according to the subject of your interest and write about them.

For example: students may choose to write about a career based upon Biology, Computer, English, Mathematics and so on the basis of other subjects under studies.

They will include the following points in their Power Point Presentation:

- Name of the careers (Chosen on the basis of a subjects of interest),
- Fields related to,
- Academic requirements,
- Scope of the professions in Pakistan and;
- Scope of professions in abroad.

Note: Students must note that the task requires focusing New /emerging professions rather than traditional fields i.e. Medical and Engineering.
